Laketown is in the process of updating its Master Plan. This document represents the collective goals and visions of your community regarding future land use and development. Your input is valuable. There will be a number of interactive community engagement events aimed to gain insight from you!

We anticipate each workshop lasting about two and a half hours. All ages are welcome. Refreshments and snacks will be provided. Expect more information by mail about two to three weeks prior to the event.

If you cannot attend any of the public workshops, there is still opportunity to be heard and stay informed. Follow the progress on Twitter and Facebook or the website below.
